This gives you more opportunities to find your dream job₃ all in one place!

There's no need to leave your career center software to look for jobs, making it even easier to find your dream job after graduation.

Find Better Jobs

All jobs are automatically filtered by GradLeaders to only display college student appropriate and degree required opportunities.

Convenient

These new partner jobs won't clutter your main school job board. They're stored in a separate secondary tab.

It's easy to find jobs

Log into your career services website to perform a job or internship search. If Partner Jobs are enabled for your career center, new jobs from Monster and ZipRecruiter will be included in the new "Partner Jobs" tab.
